Palm Springs, Calif.

Alworth Predicts Great Traffic Increase

City to be On Main Highway

Improvements North
And East To Bring
More Vehicles Here

Palm Springs is in for a great increase in traffic soon according to City Manager William E. Alworth. Instead of being on a side-street, so to speak, he said yesterday it may soon be astride a main thoroughfare which will pale into insignificance previous traffic jams here.

The straightening out of the sharp curve on Highway 111 just east of Cathedral City and the contemplated four-lane road from northern city limits to U. S. 60-70-99, 11 miles north and west, are expected to bring this flow of extra, through traffic.

ELIMINATION of the sharp curve around the rocks east of Cathedral City is well along and will soon be accomplished. The four-lane highway between the northern limits and Whitewater Point, seven miles north, is also being rushed and will be ready by the first of the year. When this is completed, extension of the four-lane highway to the junction of 111 and 99 is contemplated.

This will provide two easier entrances into the city which are bound to stimulate traffic, the city manager said.

IN THE MEANTIME contract has already been let for two projects on highway 99 which will smooth that highway from Banning to Palm Springs junction and from Edom to Indio.

The stretch between, however, through Garnet and around the dunes, still remains twisting and narrow through traffic, especially trucks, may essay the longer route through Palm Springs via highway 111 because of the easier grades and wind protection.

THE TRAFFIC is coming, said Alworth who is making surveys and preparing for it.

The state highway commission is making many plans for this area and eventually there will be a four-lane or more highway from Banning through to Los Angeles on a limited access principal most of the way.

CONSTRUCTION CREWS are now widening the strip between Colton and Redlands to a four lane road.

Plans for the future call for a highway up San Timoteo canyon from Redlands to Beaumont which will provide a wide divided highway all the way into the city.

Cost of the two projects, on either side of the Village on Highway 111 will be in excess of \$450,000.

This Side Of The Sun

Now Life's complete, there's no more lack.
As of today, I've got a plaque.

There has been something missing in my life but I didn't realize it until today. . . But I won't have to worry about it. . . The need has been filled. . . I've got a plaque. . . I never realized before what it was to go through life without one until I had one. . . But the Business Women's Club has been kind enough and generous enough to have made, neatly lettered on brass, a plaque dedicating a bench to me. . . Kind and generous because they did all of the work. . . Anyway, it has my name on it and it's a plaque. . . There is only one disturbing note. . . It came in a remark from the other side of the table at lunch this noon. . . Must investigate and see if there is any truth in the statement that plaques generally are given just dead ones.

BELATED but interesting was the catalogue Frank Dwyer handed me today. . . It's the list of Father's Day songs that he said two weeks ago he was getting for me for Father's Day. . . I never knew there were so many songs about papa. . . Almost a hundred of them listed. . . Of course, the catalogue took every one that had the word "Father" in the title and as some are hymns, they do not apply to the mine run or, if not interested in metals, the common or garden variety of dads. . . Outside of the slurring titled mentioned recently such as "Father, Don't Get Stewed Again Tonight" and the insulting like, there's one that caught my eye. . . It was "Papa Don't Want No Fish No Rice Again." . . Now, I ask, would that be a proper number to greet him with on Father's Day? . . . Then there is another: "I Want a Pardon for Daddy." . . You'd think that none of the song writers had a father the way they write about their paternal ancestors. . . Maybe some of them haven't, at that. . .

BUT SPEAKING of Father's See THIS SIDE OF SUN, Page 4

THE G.O.P. TICKET—Thomas E. Dewey, left, of New York and Gov. Earl Warren of California, will head the Republican party at the polls in November and the ticket meets with the approval of local G.O.P. leaders—those who are still in town. Many of

them were in Philadelphia for the great event. Organization plans are under way here today and with the return of leaders early in the fall, will be under way full tilt. It is the first time California has been represented on the national ticket and enthusiasm here and throughout the state is already high.

Valley Request Is Presented County Today

County Planning commission and supervisors today were presented with a strong plea for a branch planning office in the desert area where a skilled technician and staff could be housed to care for the rapidly growing desert area.

Chairman Ted Carlson of the Coachella Valley Advisory Planning committee appointed a committee representative of the entire desert area when the advisory group met at the El Paseo here last week, to impress upon county planners and supervisors the importance of the office.

THE DESERT AREA is one of the most rapidly developing in the county with many plans in the making at present. With the arrival of Colorado river water the present activity is expected to increase sharply in volume.

Unless this rapid growth is given expert guidance, civic leaders see trouble in the future.

They believe the time to plan is now and establishment of a regional planning office to serve the vast area from Palm Springs eastward would prove far less costly than to permit a hodge podge of growth to be corrected later.

THE REGIONAL planning office, if authorized, will be at Indio, centrally located for the area it will serve.

City Manager W. E. Alworth and city councilmen are much interested in the appeal for a regional planner for it will affect Palm Springs insofar as highways are concerned, in water matters and in regulations for unincorporated territory immediately adjacent to the city. The city is also much interested in the Advisory Planners' proposal for a zoning law to take care of unincorporated territory in the desert area. An appeal for adoption of this measure will also be presented county officials.

ESTABLISHMENT of a regional planning office is being asked because of the distance between the desert area affected and the county court house.

"We need a man right on the ground, who knows the situation and who can be contacted with-out the 50-odd mile trip to Riverside," said Alworth.

Eventually it is hoped to have other regional county offices in the desert area to eliminate the long trips to the county seat. A branch office of the district attorney's office has already been authorized or the desert area.

Schedule

Another Series of Fast Softball Games Listed

Manager Bob Bennett of the summer softball program at the Field Club announced the following games for the remainder of the week. First games of double-headers start at 7 p.m. and the second games at 8:30 p.m. The week's card.

Tonight: (First Game) Thermal vs. Mexican Chicks, non-league game; (Second Game) County League—Hemet vs. Palm Springs.

Tomorrow Night: (First Game) Boys' Club seniors to meet an outside team; (Second Game) Desert League—American Legion vs. White Sox.

Thursday Night: (First Game) Desert Stars vs. Globe Trotters; (Second Game) County League—Cherry Valley vs. Palm Springs.

Friday Night: (First Game) Boys League—Roadrunners vs. Lion Cubs; (Second Game) Desert League—Desert Hot Springs vs. Palm Springs Electric.

Long Term for Knife Wielder

Word has just been received in the Village that Earl Clinton, 22, negro, who pleaded guilty to a charge of attempted murder in Riverside superior court, received a sentence of 1 to 10 years in San Quentin.

Clinton was originally charged with two counts of attempted murder. He was convicted of attacking Elmore Grace, negro, May 11 in a knife fight over the affections of a woman. During the fight, Officer Dale Thompson who suddenly appeared on the scene and attempted to stop the fight, received a severe knife wound on the right upper arm.

The second count, arising from the wounding of Officer Thompson, was dismissed.

Desert to Get Its Share!

Supervisor Easley Says Fourth District One Of Most Important in County; Needs Attention

The Fourth Supervisorial district pays almost 40 per cent of the county tax bill, is the largest in area, one of the richest in resources, although located mostly in the desert, but is not getting its proportionate share of consideration at the hands of the county.

Supervisor James I. Easley now a resident of Palm Springs, and representing the district, is of that opinion.

HIS STATEMENT was made in connection with the move under way at present to establish regional county offices in the desert area to assist in the orderly development of the rapidly growing section and to provide service here to eliminate the necessity of long and frequent trips to Riverside.

Easley's opinion was voiced in connection with a debate over reimbursing Coachella Valley hospitals for work they were doing for the county, a question

Village G. O. P. Desert Grave Preparing for Big Campaign

Republican headquarters, closed since the successful primary campaign June 1 will be re-opened early this fall with a flock of workers being recruited for the national presidential campaign to be climaxed early in November at the presidential election.

Actual work will be held up until return of Village republican leaders from vacation tours. Most of them expect to return earlier this year because of the coming campaign.

NOMINATION of Thomas E. Dewey, New York governor, and Earl Warren, California governor, to head the ticket met with general approval and an enthusiastic campaign is being mapped here.

Mrs. Melba Bennett, chairman of the local organization, is expected back around September 1 and from then on things will hum, she wrote friends here. Joe Henderson, head of the Young Republican club, is also mapping plans for a brisk campaign here.

ALL LEADERS are already laying plans for the big push here when republicans hope to end a 16-year drought.

Mrs. Ethel Gillette Whitehorn, well known Villager, is already active in the state campaign. Editor of the Republican Spokesman, her magazine has been geared to a strenuous state-wide campaign and she has been conferring with state party leaders in Los Angeles for the past week getting ready for the drive.

Accused of Theft

Walter King, 31, was taken into police custody late last night charged with petty theft. He is alleged to have taken supplies from a hotel where he had formerly been employed.

which will also involve the local hospital.

EMPLOYMENT of a medical-social worker for the desert district to determine which cases are county cases and which can be self-supporting, was urged by the supervisor. He believed that the county should pay the hospitals for care of county cases.

"Hospitals in this area can well go broke if they continue to handle county cases without pay," he said.

The supervisor said the fourth district was one of the big ones in the county and deserved full consideration.

"And I'm going to see that they get it—every part of the district. I represent it all."

Hoax or mystery which may involve the illegal burial of a body or even murder at spot near the gas tank north of town was being investigated by Riverside county deputy sheriffs and local police this morning.

Road construction workmen north of town reported to Palm Springs police yesterday afternoon that they found an inscribed headstone over a mound of earth that had all the appearance of a grave.

Officer John Herrera, assigned to the investigation, returned from the scene with a headstone on which was painted the following epitaph, in crude spelling:

"With this rock on my chest, I know I shall rest, no more will I roam the high-ways."

"**PAUL MICHKEVITZ**"

"Died"

December 19, 1946."

Herrera also reported that the mound of earth over which this slab of rock was resting was bordered with small rocks. He said that the remains of dried flowers which apparently decorated the mound of earth at one time were found.

Equipped with shovels, deputy sheriffs and Herrera were scheduled to start digging at the "grave" site this morning.

Home Guard

Police Checking 200 Empty Homes Daily

More than 200 Village homes, closed by winter residents are now being closely watched by local police it was announced yesterday.

Chief of Police August Kettman said that regular patrols, during the night and day check each of the unoccupied homes.

He urged Villagers, who plan to leave for the summer to report that their homes will not be occupied by filing out a "vacant house report" available at the police station.

Short Circuit

Fire at Village Home Does \$50 Damage

A short circuit caused approximately \$50 in damage at the home of Ray Dapiere, 279 Calle Encellia, at 10:45 p.m. Sunday.

Firemen who arrived on the scene reported that the blaze was out on arrival.

New Location

The official city weather box is in a new location today—at the former army air base along with city offices—and the recorded listings may differ slightly from the downtown temperature. Monday's maximum was in the true summer tempo with 111 being registered, approaching the year's peak to date.

Cost of Operating Village to Increase Sharply Next Year

City Budget for New Fiscal Term To Be Highest in History; Tentative Draft To Be Presented Council Tomorrow Evening

City council in session tomorrow will be confronted with the largest estimated budget in the history of Palm Springs.

Although no definite figure of city expenditures for operations during the fiscal year beginning July 1 has been arrived at, City Manager William E. Alworth said that tentative budget requirements will reach an all time high.

MOST IMPORTANT items under the proposed budget will be the financing of the planned recreational center at the Field Club, the allocation of \$26,000 from general funds for publicity and advertising of Palm Springs, street improvements and salary increase for city employees under the basic compensation plan put into effect more than two years ago.

This week council's finance committee was studying the budget with definite prospects that a tentative one would be submitted to council tomorrow.

ALWORTH SAID THAT council will fix the tax rate when the county is able to furnish the city with a tabulation of assessed valuations.

"The council will then be able to determine the amount of money it will be necessary to raise from taxes," he declared. He added, however, that there could be no increase in the \$1 per hundred in property taxes.

THE COUNCIL SESSION itself will be confronted with a large amount of unfinished business in order to officially close the books on the current fiscal year.

The meeting will take place in the auditorium of the El Paseo theater tomorrow at 7:30 p.m.

Quiz Suspect

Man Wanted Here for Questioning Arrested

Donald Francis Greenback, 21, transient worker sought by local police since last March as a suspect in several burglaries and car clouting jobs here, was arrested by San Bernardino police Sunday night and returned to Palm Springs yesterday.

Greenback will be questioned regarding the theft of a \$1600 in camera equipment from an automobile belonging to John A. Rowan Jr., March 19, and a raid on an automobile belonging to the Rev. William F. Clavin in

See QUIZ SUSPECT, Page 4

See NEW HOME, Page 4

Administrative Offices of City In New Home

Administrative offices of the City of Palm Springs are now open and doing business at a new location—the Village airport.

Although moving of all physical property, such as safes, desks, voluminous records were completed over the week-end—a little bit of confusion and disarray still existed.

Everybody, City Manager William E. Alworth, City Clerk Louis McCann, Treasurer Robert Peterson and other department heads were busy putting the "house" in order.

TELEPHONE MEN and repairmen were swarming all over the scene with last minute slaps of the hammer or quick sweep of the brooms.

As of yesterday all departments of the city administration with the exception of the fire and police departments were in new quarters.

Nostalgic memory was recalled by a former GI who was stationed at the former army air base during World War II.

WALKING into the office now occupied by City Manager William E. Alworth, he remembered when the same room was occupied by the commander of the military installation. The adjoining room which originally served as the office of the deputy field commander is now being used by Alworth's secretary.

"I never thought I would see this building a beehive of activity again," declared the ex-serviceman. "I remember when this building served as one link of the giant chain of waging a war, although the battlefields were thousands of miles away from Palm Springs."

DURING the last war, the airfield was used as a base for the Air Transport command, Military Air Transportation and field base for air borne war nurses, who

DEWEY AND WARREN are undoubtedly the best selection the GOP could have made, which is generally conceded even by Republicans who favored other candidates. They are more liberal in their views and more favorable to union labor than even Mr. Truman, as evidenced by the stand taken by both Dewey and Warren when the "Right to Work" amendments were on the ballot four or six years ago in the states of New York and California. It will be remembered these two identical measures would have denied employers the right to refuse to hire or discharge workmen on the grounds of union-labor affiliation. The amendment was defeated in both New York and California chiefly because of the opposition of Dewey and Warren. Compare their stand with the position taken by President Truman during the nation-wide railroad strike a few years ago when he took over the railroads and asked Congress to adopt legislation drafting the striking railroad men into the Army immediately unless they returned to their jobs. Therefore, it appears the Republican standard-bearers are more friendly to organized labor than the President.

DEWEY PROMISED "the biggest housecleaning you have ever seen in Washington," which will please the voters who have been groaning under the tax-load to support loafers and surplus bureaucrats in the national capital and elsewhere. "Nobody will have to ask Congress for money to run the Communists off the government payroll. There won't be any appointed after January first," Dewey declared. That's a clear-cut answer to an administration that has asked for an enormous appropriation to investigate Communists in government employ. Dewey's pledge to support the Republican platform, teamwork with Congress, and his statement: "I come to you unfettered by a single obligation or promise to any living person, free to join with you in selecting to serve our nation the finest men and women in the nation," was welcome news to a country tired of constant bickering and vetoing by the President of tax reduction and economy measures passed by the Congress, disgusted with such ill-advised statements by the President that the present Congress is "the worst in the history of America."

VILLAGERS ABROAD—Vacationing Villagers write that the moment it is known their homes are in Palm Springs they are placed on the defensive by many who exclaim: "I'd like to visit your fabulous town but I understand that only millionaires can afford to do so." Many of these people, it is reported, are in the upper wage earning brackets who can vacation here in May and early June or who could travel here during Thanksgiving and Christmas holidays. It would seem then that the few who have so expressed themselves, there must exist thousands on the Pacific coast who labor under the same impression. As we are all dependent upon tourist travel to the Village, it seems the paramount issue facing all of us, is to erase this thought in as many quarters as is possible.

Wide Variety Offered Softball Fans As Wild Games and Tight Games Alternate on Field Club Diamond

Softball fans were offered a variety of entertainment at the Field Club in closing games last week. Long hits, slug-ging matches and pitchers' battles provided tight games and loose games but all full of excitement.

Two Girls' League teams put on a battle Thursday night when the much-improved Mexican Chicks downed the favored Globe Trotters 9 to 6.

The teams battled fairly evenly until the fifth when a combination of two hits and two errors shoved four runs across for the

Chicks and that meant the ball game.
The line score R H E
Mexican Colony.....0003300—6 5 1
American Legion.....0000000—0 3 2
Frank Prieto and Canales;
Talavera and Flowers, Gardello.

Sammie Boyd, Corinne Crossley

IN THE SECOND GAME Thursday night the Mexican colony blanked the American Legion team in a Desert League game 6 to 0 behind the three-hit pitching of Frank Prieto.

The Prieto boys really went to town in that one. Ben Prieto socked a homer in the fourth with none on and repeated in the fifth with one on to account for three of the six runs. Frank Prieto also socked one with none on Singles by Johnny Herrera and Sid Canales and an error accounted for the other two.

The line score: R H E
Mexican Colony.....0003300—6 5 1
American Legion.....0000000—0 3 2
Frank Prieto and Canales;
Talavera and Flowers, Gardello.

OVER AT INDIO Thursday night the Palm Springs entry in the County league lost a tough one to Indio 3 to 2, a costly error in the last of the ninth giving the game to the home team by one run.

Devers, who chucked for the P.S. Electrics, tried to win his own game with a home run in the fifth, the longest of the battle. Devers held Indio to four hits.

By innings: R H E
Palm Springs 100010000—2 5 2
Indio.....000020001—3 4 2

FRIDAY NIGHT the Roadrunners strengthened their lead in the Boys' league by bopping the Chuckwallas 14 to 13 with a wild 10-run outburst in the sixth.

Manager Bob Bennett had a little difficulty keeping the boys' minds on the game. The Louis-Walcott fight was coming in over the radio, and finally Bennett turned it off so the boys could concentrate on the diamond instead of the arena.

The divided attention showed up in the box score where 14 errors were listed. Four hits, one a home run by Leon Welmas with two on, three errors and three walks contributed to the ten-run outburst. Danny Perez also hit a home run for the victors. The Chuckwallas got away to a 13-4 lead and looked like winners until the wild sixth.

The line score: R H E
Roadrunners 01300100—14 7 5
Chuckwallas 5350000—13 10 9
Bunton, Welmas and Alexander; Martinez and Driskel.

THE MORONGO WILDCATS came to the Field Club Friday night to prove that their 8-7 victory over the Desert Stars of the local Girls' League last week was no fluke.

They won again this time 15 to 2. Nettie Rice, their pitcher, socked a couple of home runs as did Lulu Martin, outfielder. Catherine Saubel, shortstop, made it five circuit swats for the visitors with another four-ply blast. Nettie Rice fanned 14 of the Stars.

The line score: R H E
Morongo.....0030633—15 14 3
Desert Stars.....2000000—2 2 2
Nettie Rice and Victoria Lomas; Lola Bruce, Barbara Crossley and Corinne Crossley.

THE WHITE SOX journeyed to Desert Hot Springs Friday night to play a Desert League game and for four innings looked like they were in and would get into the win column at last.

But in the fifth the DHS lads staged a five-run attack that broke up the game.

The line score: R H E
White Sox.....1202000—5
Desert Hot Spgs. 100152x—9
Jones and Malone; Murphy and Cornelius.

All League Races Still Wide Open Declares Bennett

Manager Bob Bennett of the summer softball program Saturday morning issued the official standings of all the three local leagues including games as of Friday night.

In the Desert League the Palm Springs Electrics were on top with no defeats in four starts. Last year, under the name of the Boys' club they took the championship and look like repeaters this year. Mexican Colony and Desert Hot Springs are battling for the second spot and a threat to the leaders.

The standing up to and including Friday:

DESERT LEAGUE
W L Pct
P. S. Electrics.....4 0 1.000
Mexican Colony.....3 1 .750
Desert Hot Springs.....3 1 .750
American Legion.....1 3 .250
Junior C. of C.....1 3 .250
White Sox.....0 4 .000

IN THE GIRLS' LEAGUE the teams are well bunched with the race still wide open. The Desert Stars are on top of the three-team loop.

GIRLS LEAGUE
W L Pct
Desert Stars.....2 1 .667
Mexican Chicks.....2 2 .500
Globe Trotters.....1 2 .333

THE ROADRUNNERS top the three-team Boys' league with three wins in four starts. That race, too, is still an open one. The standings:

BOYS LEAGUE
W L Pct
Roadrunners.....3 1 .750
Chuckwallas.....2 2 .500
Lion Cubs.....1 3 .250

We cannot bring a dying body back to life and health by building a \$65,000,000 mausoleum for it. Senator Ralph Flanders (R) of Vermont opposing loan to build permanent U. N. headquarters.

San Juan Hill Falls Again

O. S. McKinney of Village Joins Buddies
Of Teddy's Rough Riders in Re-Union

Mr. and Mrs. O. S. McKinney, 634 South Palm Canyon drive, returned Sunday night from Prescott, Ariz., where they attended a re-union of Teddy Roosevelt's Rough Riders. Mr. McKinney is one of the 120 survivors of that famous regiment which originally numbered 1203 men. Sixty-four of them were at the Prescott celebration last week.

It was just 50 years from the date of that Battle of Las Guasimios in Cuba when the Rough Riders gathered for the half-century reunion and took over Prescott.

THE ORIGINAL regiment of Rough Riders was formed by Col. Leonard Wood with Lt. Col. Theodore Roosevelt as second in command. They were mustered in at Prescott and that's where they held their 50th get-together.

It may have been a half century ago but they took Prescott just as easily as they romped up San Juan Hill and they were victorious and spry with their president, Col. David M. Goodrich who flew out from New York, for the occasion at their head.

THE VILLAGERS reported a great and gay time at the gathering. The convention proper was spent mostly in reminiscing, bar-becue dinners and banquets.

Mr. and Mrs. McKinney took the side trip to the Grand Canyon with many of the veterans and, following adjournment of the sessions Saturday night, returned to the Village.

Letters Indicate CARE Is Taking Care of Destitute

J. V. Murphy, tax consultant who last Friday sounded an appeal for some person who understands the Czechoslovakian language to interpret a letter he received from that country, found two quick responses the same evening.

Mrs. Antoinette Romatko called The Sun office shortly after the edition was distributed to offer her services and Mrs. Mary Wood also undertook to interpret the letter.

MURPHY HAD given the local office of CARE, the organization which provides food and clothing packages for destitute in the war ravaged countries, \$50 shortly before Christmas.

"I don't personally know anyone in Europe," he said, "so see that families with many little children get my packages."

CARE did just that for one letter, in English, which he received was from a family with five youngsters. These youngsters had the first chocolate in years—the first in their lives for the youngsters—as a result of the Villager's contribution to CARE.

ANOTHER LETTER of thanks from Piastany, Czechoslovakia, was written in the language of that nation. As Murphy could not read it he asked The Sun to find someone who could. Mrs. Romatko and Mrs. Wood responded. Mrs. Romatko knows the language as a native and Mrs. Wood learned it as a girl to read letters from that country to her grandmother in the east.

Ashley Sims, local director of CARE was pleased by the letters indicating that CARE is doing all that is asked of it. The local headquarters are at the Olman Service Bureau, 457 North Palm Canyon drive.

Noted Artists Guests At Tahitian Lodge

Guests at the Tahitian Lodge last week were Mr. and Mrs. Edward Winters, world-known artists.

Mr. Winters is world famous for his skill on coppers and Mrs. Winters for her original ceramics.

Frank Murray Plans Summer Near Lakes

Frank Murray of the El Dorado hotel, left for Lake Tahoe Thursday. He plans to return to the southland later and spend the summer at Lake Arrowhead.

He will return to Palm Springs September 1 to re-open the hotel for the winter season.

Cantonese House

Chinese Food Fine for
Summer Says Hensen

The Cantonese House on West Andreas road opposite the golf course opened Friday night for the summer and will be on hand each night from 6 p.m. to 1 a.m. to care for hungry Villagers. "Chinese food," said Dick Hensen, proprietor, "is good in hot weather, nothing better."

The Cantonese House will specialize in shrimp, chow mein, chop suey, spare ribs and steaks for those who want American food.

Peter Gray Harper Vacations on Desert

Peter Gray Harper, a student at Northwestern University, arrived at Rancho Mirage last week with two Alpha Beta Phi fraternity brothers to spend the summer months following completion of their second year at college.

Mrs. Lyle Harper, his mother, has been in San Diego since May 15 where she has taken an apartment for the summer. She recently leased a second apartment so that Mr. and Mrs. Lyle Harper Jr., and their two children could have a place for week-ends.

Chocolate should always be melted at a low temperature. An easy way to melt it is to put it in a small heat-resistant glass dish that fits over the teakettle.

Building Record Nears 3 Million

June Total Moving Up
With New Homes Begun

Although the building permit for the new high school buildings, expected this month, may not come in, June, 1948, will still be close to the \$560,000 mark in construction work, P. M. Swart of the city building department said yesterday.

As of close of business Friday for the week-end holiday, permits for June totalled \$385,380. This brought the total for the year to date to \$2,873,572, well above the half-year mark last year.

Permits for two dwellings and a three-unit apartment were issued last week.

Real Estate Brokers Going Back to School

A preparatory course for real estate brokers' and salesmen's license examinations is scheduled to be started at 7 p. m. tomorrow at the University of California extension, 815 S. Hill. Ivan A. Thorson will be the instructor. The course has been announced as the final one of the kind at the US extension classroom this school year.

Thirty-six of Idaho's 44 counties contain minerals of commercial importance.

Pioneertown Expansion Announced At Resort in Hills

Pioneertown, mountain community about 60 miles from Palm Springs, has recently added 12,000 acres to its original holdings of 13,000 acres and is opening its third subdivision.

Executives of the Pioneertown corporation also have announced that a utility company will bring in electrical power lines within the next 60 days to replace the corporation's own generating plant.

VA Announces New Approval Methods

"The Veterans Administration has revised its appraisal procedure to provide VA regional offices with a firmer control over appraisals of reasonable value on home properties sold to veterans through GI loans," VA has announced.

The revised procedure, effective recently, includes a new feature whereby the veteran who contemplates buying a home will be advised by the appraiser of any major deficiencies found to exist in the property, it was stated.

Applicable in the case of all houses appraised as completed dwellings, as distinguished from housing built under VA or FHA inspection, the plan calls for direct assignment of appraisers by VA. Upon completion of the assignment, the appraiser will submit his report to the VA, together with a letter, if necessary, addressed to the veteran concerned, outlining such major deficiencies as may have been observed by the appraiser. VA will forward this letter and a copy of the certificate of reasonable value to the veteran after review and approval of the appraisal report.

To San Quentin

Francis W. Henkles wanted by local police as a suspect in a burglary, was convicted of a similar charge in Los Angeles this week and sentenced to San Quentin, it was reported.

The total income for the United States rose from \$76 billion in 1940 to about \$160 billion in 1945.

Home Building to Set New Records

NAHB Reports Sharp Increase in Construction

New records for home building are in sight again this year, the National Association of Home Builders reports.

The number of new houses put under construction the first part of this year have outstripped all comparable periods, the Association says. Basing its figures on official Bureau of Labor Statistics reports, the builders estimate that some 357,000 new homes were put under construction in the first five months of 1948.

Starts have increased rapidly since the first of the year. The figures are:

January, 50,000; February, 47,200; March, 70,000; April, 90,000 and May, 100,000.

The swift pace is 25% ahead of last year's record-breaking output. Last year, the remarkable 1,000,000-houses-a-year rate was not attained until fall months.

With the speedup of construction, new houses in substantial volume are being delivered now, with completions rapidly accelerating through the summer months, it was stated.

National Realty Association Head Is Optimistic

Entire real estate outlook healthier, with building costs up and possibly headed higher, and with residential shortage still acute.

These are brief summations of main points in a cross-nation report by John J. Wagner, president of the National Association of Real Estate Brokers.

Other points include larger used homes in good demand, commercial properties sought for investment, but few available and office building space tight.

Wagner also noticed mortgage lenders more selective, with shorter terms. He found more selling effort essential.

He reports a startling change in the public outlook toward real estate. An undercurrent of pessimism and doubt, which slowed business at the start of 1948, appears to be reversed.

The national preparedness program, believes Wagner, has brought a "new look" to real estate, with prospects for stabilized demand and a high price level seemingly assured for some time.

Demand for new homes, he reports, exceeds that of existing dwellings, with high costs on new construction keeping prices up on existing dwellings.

More Trouble

Joe West Accused of Failure to Register

Joe West, negro, 47, who tangled with the law not more than a month ago when he was accused of wielding a gun in a threatening manner, was in trouble again this week.

Picked up by Police Officers John Herrero and Ted Green Sunday morning on suspicion of selling intoxicating liquor to Indians, he was finally booked for failure to register as an ex-convict. Although West denied he had ever served time as a felon, FBI reports revealed that he was an inmate of a Louisiana state penitentiary where he served time on a grand larceny conviction.

"Hello, are you Harry?" "Not especially, lady, but I'm far from bald."

11 Public Camps Open in Mountains

Riverside County, State Provide for Summer

Eleven public campgrounds in the San Jacinto Mountains are now open for summertime use. Seven of the camps are located on Forest Service lands. The remainder are divided evenly between Riverside county and State Park.

The Forest Service camps are located mainly near the Banning-Idyllwild highway. One of the camps, Pinyon Flats, is at the 4000 foot level on the Pines-to-Palms highway, 15 miles east of Lake Hemet. There is house trailer space. Another Forest camp is established in Tahquitz Valley, at an elevation of 8000 feet. This area is limited to primitive camping only, and can be reached only by trail.

THE BANNING HIGHWAY camps are equipped with restrooms, stoves, tables, and fresh water. They range in elevation from 5900 to 7600 feet. Only the Pine Flats camp is suitable for house trailers. All camping is restricted to a 30 day period, except Dark Canyon. Because of the heavy use at this location, camping is limited to 14 days.

Riverside county maintains two camps. One is located at Idyllwild, and the other at Hurkey Creek, eight miles southeast of Idyllwild on the Pines-to-Palms highway. Elevation is 5300 at Idyllwild, and 4500 at Hurkey Creek. There is ample trailer space at both camps.

STATE PARK facilities are confined mainly to the 13 acres in Idyllwild. This camp is equipped for picnics. There is a fee for this camp. According to State Ranger Bill Weatherbee, the state camp at Round Valley, in the high backcountry, is still in the process of construction. It is limited to primitive camping.

Pay, or Else—

Autoist Fined \$100 Or 50 Days in Jail

Eufencio Montes, pleaded guilty in Judge Eugene E. Theriault's court to a charge of operating a vehicle while drunk and was sentenced to pay \$100 or serve 50 days in county jail. His driver's license was suspended for 90 days.

The judge gave Montes until July 2 to pay the fine, or go to jail.

What Goes on in Palm Valley

By DON CAMERON

In the Times this week are some Palm Valley folks' pictures and stories of their doings. In the Monday and Thursday numbers were pictures of Bill Reichel taken at the Republican convention in Philadelphia. The two Bills, Reichel and Knowland are to be congratulated in making our Governor the next Vice President of the United States. Earl Warren has visited the valley as Governor and now we may have the honor of having him visit it as the Vice President.

Already prominent in many civic minded activities, Mrs. Milton Mauzy has been appointed supervisor of the speaker's bureau of the women's auxiliary of the Memorial Medical Center of California. I saw husband Milton at their newly opened El Rancho Mirage apartments. Before showing me through these up-to-the-minute units he explained to me how he and Lee Miller were landscaping the place to conform to the desert atmosphere, using many of the native plants from Ted Huthinson's Desert Nursery. I showed him the picture of the missus—quote he "That's nothing—I've forgotten how many of those important things she has done already."

RANDALL HENDERSON is moving his Desert Magazine July 1st from El Centro to the forty acre site at Palm Desert. The Indian Pueblo building designed by Harry Williams ties in with the ideas that Randall has long been upholding in his magazine and which is now getting wide recognition in architecture. A novel feature of the interior is the original Indian design stamped into the cement floor in a rhythmic design of pattern. Carved beams and soft fluorescent lights carry out the lack of harshness of the pueblo design. Practically completed is the beautiful new highway curve east of Cathedral City eliminating the narrow death turn we have all disliked so much.

THE FIRST WEDDING to take place in Rancho Mirage was at the home of the Mayson Shoulers June 18 on Rancho road when Barbara Jean Shouler and Gilbert Buck of Palm Springs were hitched up by the reverend James Blackstone. Joyce Buck was bridesmaid and Gene Johnson stood with Gilbert.

Down from San Francisco Mrs. Bill Boyken with her sister Miss Bertha Reed and daughter Mary who just graduated from Burlingame high and going to Smith this fall. Who should be seen with at San Souci, George's, Palm House, Dunes, Shadow Mountain

Club pool, etc., but our own Petey Harper with all the ultra-sophistication of a Northwestern Sophomore. Home at the Ed Ewart's for the summer from Winslow, Arizona high, nephew Jack Curtis. Young Ed Ewart enrolled for the summer session at Southern California last Monday. In to say hello and quench their thirst, Desert Rat Harry Oliver, Phil Delano on his way to Idyllwild, Rudy Heimark with his fancy new truck all covered with Eastside signs had his horses in the trailer for the mountains, Axel Linus with his friend Nils Victor, prominent Long Beach restaurant owner.

OFF TO CRESTLINE for a few days Dr. and Mrs. Claude Church. Driving to New York Mrs. Ron Button with Ronnie and Barbara. To Saint Paul, Minnesota Don and Betty Hoggan minus Topper who will follow by air express when the pups are old enough to be left. Out of the Coachella Valley hospital Sunday Bunny Steele. She plans to loaf for two weeks with her mother in Palm Springs before going back to work.

Swimming almost daily in the Rancho Mirage pool Mrs. Orville McCarty with Jimmy and daughter Karen.

No smog and cool nights is keeping many of our friends here for the free and easy summer season.

A motorist in Vermont noticed that a farmer was having trouble with his horse. The nag would start, trot sadly for a few yards, stop, start again, go for a few yards, then stop again.

The farmer then would have to speak sharply to the poor horse, which seemed reluctant to go again.

The motorist finally pulled up alongside and asked: "What's the matter, mister, your horse sick?"

"No, he hain't, stranger." "Is he balky?" "He hain't that neither. It's just that he's afeared I'll say 'Whoa' and he won't hear me. So he stops every few yards to listen."

FOR CALIFORNIA LIVING

Typical example of fine contemporary architecture is this new unfurnished residence. On a large corner lot in a protected area. There are two bedrooms, each with its own bath; large living room with flagstone fireplace and large plate glass view window; beautiful tiled kitchen and completely air conditioned. Priced right, this is one of the best values in Palm Springs today. Shown by appointment.

Amvets Coming Here

Fifth Annual State Session of Group
To Be Held in Palm Springs Next Year

Fifth annual California state convention of American Veterans of World War II will in all probability take place in Palm Springs between the first and 15th of next May.

This assurance was given Bill Rashall, delegate to the convention held in Santa Cruz, June 18, 19, and 20, following an informal meeting of the state executive committee held after the close of the convention business June 20.

DELEGATES from local Post 34 of that organization in attendance were told by leaders of every part of the state that a convention in Palm Springs would delight the members of California Amvets, Rashall declared.

New State Commander James E. Keho and other newly elected officers comprising the state's executive board, looked with more than mild favor on a meeting in Palm Springs.

A MID-YEAR MEETING of the state executive board is scheduled to take place in Palm Springs, the date to be announced later. At that time Palm Springs will be given close scrutiny as a possible site for next year's convention.

However, Rashall reported that this meeting is only formal in nature and every assurance was given to him that Palm Springs would be the scene of the fifth annual convention.

THE ENTIRE FACILITIES of the Colonial House will be placed at the disposal of the Amvets when the convention comes here, Wilbur Davis, manager, promised.

Other hotels will be contacted by committees later this year to fully prepare the preliminary ground work for the Amvet convention.

From Page One—MORE ABOUT

This Side of Sun . . .

Day . . . The subject was brought up in a Village home the other night and the titular head of the house was half asleep in his chair . . . He heard the words "Father's Day" and awakened . . . "Father's Day, when does it come this year?" he asked . . . When told that it happened a week ago he let loose with some uncouth expressions . . . "Why didn't I hear about it?" he wanted to know . . . "Ain't I a father?" In that particular family the first Sunday in July has been set aside as Father's Day . . . After all, he's an excellent provider . . . Kind and gentle, too.

AMONG the letters this week was one from Mormon Lake, Wash. where Claude and Estelle Yerkes of the Village are summering . . . They enclose a clipping from a Washington state newspaper describing a "rainbow cloud" phenomenon . . . The Yerkes were in a group picnicking in Palm Springs a month ago when a similar rainbow-hued cloud was noted in the sky above the Village at noon . . . The vividly-hued cloud here was blamed on "northern lights" which sometimes cast their reflections this far south . . . Comes a postcard from Johnny Pagoria from Chicago and on the picture side is a colored view of a roulette table . . . He either stopped at Reno en route home or visited places in Chicago he shouldn't.

FROM THE PRINT SHOP comes a letter from one Edward Sherlock Holmes . . . He claims that he is his full name and that he used to be a detective . . . He's the man who fingers the linotype keys and makes this stuff come out in neat metal slugs, uniform as to length and width but not as to words . . . He writes: "Note that in your column that a linotype ought to be a good under-corer man what with having to decipher doodads and this and that . . . Mind-reader would be a better word but that would necessarily imply the possession of such an article by copywriters, a theory that has been doubted for ages by compositors . . . Actually your copy is not me, so hard to decipher as that of Horace Greeley of whom a friend wrote that all he could make out was the date which he guessed at and the name, which he knew." . . . I'm glad he ran in that friend because I wouldn't want to think he's old enough to have had personal experience with Greeley.

IF THE G.O.P. ticket is elected in November, we'll have another president with the first name "Thomas." . . . How many have there been? . . . There's one most of you probably won't list . . . Woodrow Wilson . . . His full name was Thomas Woodrow Wilson . . . Was there ever a vice-president named Earl? . . . Don't guess at that one . . . You probably can't even remember the last name of the last G.O.P. vice-president . . . Anyway, after twenty-four lean years, it looks as if I'll be on the winning side in November . . . I haven't voted for the winner since the days of Cal Coolidge . . . Nominally a republican, in 1928 I voted for Al Smith . . . In those days, I got thirsty once in a while . . . Hoping you are the same . . . Come on down to The Center and I'll show you my etching . . . That one on the bench, I mean.

Russia plans to control the world by subjugating Europe without warfare and conquering the United States from within. The Soviet Union is carrying the war where Germany left off.—Stanislaw Mikolajczyk, former Polish deputy premier.

Charge State With 17,000 Unnecessary Accidents Annually

A national authority on traffic safety charged this week that California's failure to adequately legislate driver education provisions for its schools is the major cause of some 17,000 unnecessary highway accidents in this state each year.

Dr. Amos E. Neyhart, Director of the Institute of Public Safety at Pennsylvania State College and road training consultant for the world-wide American Automobile Association, made this accusation in analyzing California's juvenile driving problems. He arrived in the southland this week to keynote next Monday's opening session of the Summer Workshop in Driver Education which will be held at Los Angeles City College.

"IN OTHER STATES such as Delaware, Rhode Island and Arizona, where driver education for all high school students is offered, it has proved conclusively that the number of accidents among trained drivers has been reduced by as much as 50 per cent within a short period," Neyhart pointed out.

He said that California now has the opportunity to graduate 72,000 trained drivers each year, and predicted that this would mean an immediate reduction of some 3500 accidents annually; an ultimate result that approximately 17,000 accidents would be prevented each year. Neyhart emphasized that currently 43 per cent of California's accidents are caused by drivers under 29 years of age.

NEYHART WILL actively assist in the presentation of several phases of instruction at the summer workshop, it was explained. This two weeks' course is designed to qualify teachers as driver education instructors in Southern California schools, and will cover every phase of instruction including the advanced behind-the-wheel training with dual-controlled cars. Scores of teachers from all sections of Southern California are expected to attend.

Assisting in the presentation will be Vierling Kersey and C. C. Trillingham, superintendents of Los Angeles city and county schools, respectively; Joseph E. Havenner, Public Safety Manager of the Automobile Club of Southern California; and W. A. Huggins of the Motor Vehicle Department. The Workshop will be held under the direction of Ernest Toland and Herbert Morey, of the Los Angeles county and city schools, respectively.

Reapportionment Of Senate Meets Opposition Here

Opponents to the Senate Reapportionment Amendment to be submitted voters at the November 2 election this week announced that A. J. McFadden, Santa Ana, prominent agriculturist and morticulturist, has accepted general chairmanship of a Southern California committee against the measure.

McFadden, it was pointed out, is president of Agricultural Council of California; vice-president of the California Walnut Growers association; past-president, California State Chamber of Commerce. He has taken part over a period of years in protecting interests of farmers and fruit raisers throughout California.

IN ACCEPTING the general chairmanship, McFadden said: "Senate Reapportionment must be defeated for the general welfare of California. It is a scheme to foster bossism and to place the legislative power of our state in the control of four heavily populated counties.

"The purpose of the bill is to elect senators, as now is done with assemblymen, on a basis of population. Those sections of California which produce our agricultural products, mineral wealth and lumber supply would be left powerless to protect their vitally important interests.

"Under the present legislative system, sparsely settled counties may protect their interests and exercise a check on metropolitan domination by having more nearly equal representation in the Senate. If this right is taken from 54 counties, California will be ruled by metropolitan machine politics.

LABOR UNIONS of the large cities are understood to be solidly behind the measure. AFL is reported raising \$1,000,000 to force the proposal into the state constitution.

"To keep California from succumbing to pressure groups, all citizens should vote 'NO' on this dangerous and high-handed proposal."

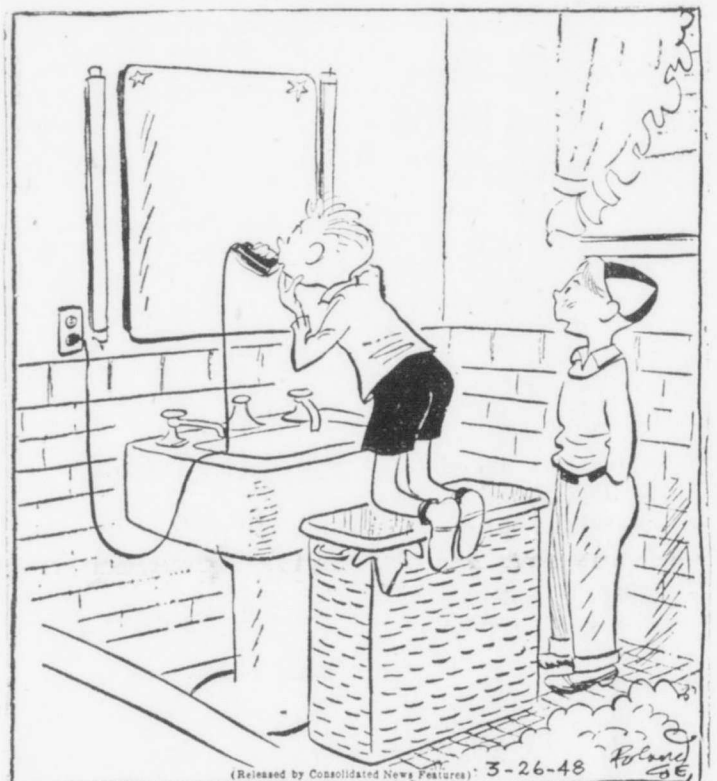

Borax is found in California, Peru and Tibet.

UP HE GOES—Ray Tanner, motorcycle speedster, flies through the air going over sensational "ski jump" to show thrills in store for spectators at coming 100-Mile National Championship Tourist Trophy motorcycle race meet being staged at famed Box Springs T.T. Race Track near Riverside on July 4 and 5. Tanner will be out to defend his 1947 national title and compete against nation's top race riders in what is termed "The West's Motorcycle Race Classic of the Year."

CROSSTOWN

by Roland Coe

"If you want people to notice you've shaved, you'd better use a different kind of razor—one that'll leave a few nicks on your face."

From Page 10—MORE ABOUT . . .

New Home . . .

shuttled back and forth across the nation and the vast stretches of the Atlantic and Pacific oceans returning war wounded to hospitals nearest the veteran's home.

The offices just abandoned by the city were occupied by the Village was incorporated.

THE MOVE to the airport was inspired by City Manager William E. Alworth when he recommended to council that the hub of the city government be moved rather than pay an increase in rent. The lease on the old quarters expires June 30.

For a time it was feared that the city would be forced to sign the new lease agreement on the old quarters, when title to the land now occupied by the city offices was postponed from time to time for various technicalities.

PARADOXICAL as it may seem, permission for the city to use the new offices is contingent on the payment of rental by one department of the city to another.

It was pointed out that War Assets Administration transferred the land to the city for airport use. Permission for occupancy of these buildings was obtained from Civilian Aeronautical Authority with the understanding that rent be paid by the city to its own airport improvement fund.

HENCEFORTH persons having business with the Waste Disposal department, building, engineering, planning, administrative departments and others with the exception of police and fire departments will either travel to the airport or use the telephone. The adjacent proximity of the city will tend toward greater efficiency, it was declared. One fly in the ointment, however, is that employees who were in the habit of eating in Village cafes will either have to bring their lunches with them or travel the almost five miles into town.

Birds unquestionably have a rudimentary language in the sense that they use their calls to communicate with one another. Such bird-calls as the alarm-call of a jay or plover, are often intelligible to other creatures as well.

Say New Tablets Solve Problem

Overweight women may get little attention at a dance, but they are getting plenty from nutrition researchers. Nutrition authorities recognize that many women just can't manage to follow a strict reducing diet. "It's so much trouble," wails a housewife, "and you feel half-starved all the time!"

A reducing food recently developed is said to make it easy for women to stay on a diet. Pleasant-tasting food lozenges are eaten before meals, to satisfy part of the appetite with practically no calories. This makes it easy to eat less without feeling hungry, and lose up to ten pounds in ten days.

The lozenges also provide the daily minimum requirement of Vitamins B-1 and B-2, Niacin, Calcium, Iron, Phosphorus and Iodine, plus useful proteins, dextrose and trace elements.

This new reducing tablet known as "WINS" is now being featured at the Village Pharmacy.

Quiz Suspect . . .

which \$250 in personal effects was taken.

Chief of Police August Kettman will also question Greenback about several house burglaries. The search for Greenback began when the owner of a trailer court reported to police that he had checked out of his lodging leaving behind him an assortment of articles including feminine clothing.

A subsequent check by police revealed that the articles had been stolen from Rev. Clavin and Rowan.

At one time Greenback was in custody of Catalina police as a suspect in a petty theft case, but was released and "floated" out of that resort before information from Palm Springs indicated that he was wanted here arrived.

His trail then led to Lake Arrowhead and other communities followed by his arrest in San Bernardino Sunday night.

A compilation of the dead and wounded of World War II by the Vatican estimates the total at 56,460,000. Of these, 12 to 15 million are Russian. Which just goes to indicate which is the cheapest commodity in that country.

Thrill a Minute Scheduled at Motorbike Races

A thrill a minute will be in store for spectators as the country's outstanding cycle racers display their skill around the tricky Box Springs Grade T. T. track, six miles east of Riverside on Highway 60, in the 100-mile National Tourist Trophy championship race meet set for the coming two-day holiday, July 4 and 5.

More than 100 novice and amateur riders will spin around the strip in an eleven-event race card scheduled for the first day, Sunday, July 4.

Turning up for a fast get-away in the 100-mile national championship classic, set for Monday, July 5, will be such top stars of motorcycle racing as Ray Tanner, Ed Kretz, Harrison Reno, Win Young, Bobby Turner, Fred Ford, Jack Bailey, Dick Milligan, Bud Jorgensen, Phil Conella, Joe Lopez of Boise, Idaho, and many others. Staging a comeback in the feature race will be Armand Magri of Sacramento and Ray Eddy of San Francisco, two veterans of a few years back.

New features of this year's event will be the recently piled and dust-free track and the visible scoreboard to register position of riders in the 168-lap championship event.

The two-day event is being sponsored by the Riverside Bombers Motorcycle club for benefit of Riverside County Sheriff's Training Center. Races start at 2 p.m. and there will be ample free parking space for thousands of autos.

Three Guardsmen Killed When Planes Crash Near Blythe

Three National Guard airmen were killed and two parachuted to safety in an air crash over Blythe on the county desert Sunday.

Two of the dead were identified by National Guard officers as 1st Lt. W. E. Van Delinder, Long Beach, and 2nd Lt. Robert Aiken of Rosemead. Name of the third was withheld until next of kin could be notified.

Lt. R. L. Mathews, pilot, and Lt. H. A. Bowen parachuted to safety. All involved were combat veterans.

The crash occurred at a 2000-foot elevation over Blythe when a fighter plane and a bomber collided while on a routine training flight.

Scores of residents of Blythe saw the collision and resultant crash.

On a fishing trip to the Ozarks, the man stopped for gasoline at a dilapidated little shack. Curious as to how the elderly couple running the "station" could possibly exist on the sales in this isolated spot, he asked the old man, "Are you making a living?"

"Nope," was the reply. "But I'm livin' on what I'm a-makin'."

During a sidewalk interview in Amarillo, Texas, an announcer asked a woman: "What did your husband say when he proposed?" She replied that he just said he loved her and wanted her to marry him. "Didn't he do anything to back up his statement?" the announcer asked.

"Oh, yes," she replied brightly. "We have two sons."

HEADS & TAILS

By JOE LAURIE, Jr.

Ward Wilson, radio master of ceremonies, tells about two dim-wits. One says, "My wife sits in front of the radio all day with nothing on." "Why doesn't she put something on?" "She can't. The radio's broken!"

The free Territory of Trieste is one-quarter the size of Rhode Island.

Homesteading Lands for Veterans To Be Opened in 6 Western States

James E. Carlsen, county service officer, said yesterday that 529 individual farm units in the west will be opened to veterans "in the very near future" for homesteading purposes.

Land to be distributed includes farms in California, Oregon, Washington, Arizona, Idaho and Wyoming.

Veterans will have a 90-day preference for filing applications for the 49,176 acres, Carlsen said. In order to qualify, veteran applicants must have agricultural experience and must have adequate capital to work the land.

Farms to be opened on the seven projects will be awarded to veteran applicants at public

drawings which will be held after notices have been sent to those veterans whose names are on file with the Bureau of Reclamation.

Application forms and additional information will be supplied to Carlsen about Aug. 1. His office is located in Memorial Auditorium, Seventh and Lemon streets, Riverside.

From where I sit . . . by Joe Marsh

Pampered Farmers

If the folks in our town were less tolerant, they'd be really burned up over that nationally circulated article on "pampered farmers," describing them as living off the fat of the land.

From where I sit the farmer is anything but "pampered." If he's better off today than twenty years ago it's because he's worked hard to improve the quality and quantity of his production.

Take Bert Childers, for example. Bert is up at four in the morning, to get the milking finished—and

ploughing or harvesting, depending on the season, until sundown. In the evening he finally relaxes with the missus over a moderate glass of beer.

And the farmer today's not only temperate in his habits, like Bert's evening glass of beer . . . but tolerant in his opinions. So he'll probably say of that article, "somebody got the facts wrong," and just let it go at that.

Joe Marsh

TRIBUTE TO HOOVER

Editor, The Sun: Here's a California yarn for you. I happen to have the good fortune of getting on the scene as well as behind the scenes of this extravaganza and that is just what it is.

The press, the camera, the newsreel and for the first time television is having a field day. I've seen the television of this convention and don't sell it short. Out here the convention is being televised from just to Aalanta, Georgia, and just to carry it further west than Pittsburgh, research organizations are co-operating by having an airplane circling around thousands of feet up in the air in the vicinity of Pittsburgh, picking up the televised shots of the convention and re-broadcasting it to the West. Reports this evening are that it is being picked up as far west as Zanesville, Ohio. Movies of the happenings and personalities are being flown to all parts of the country to be televised to the 400,000 television sets now in homes.

BUT TO ME, the big thrill of the convention was Herbert Hoover.

From the Great West came the man and the moving spirit that turned this great Republican Convention into bedlam at the end of two days of sober deliberation—the man was Ex-President Herbert Hoover—the moving spirit was California.

To Herbert Hoover it was perhaps the ovation of his lifetime. To California it perhaps will prove to be its biggest moment in this momentous Convention.

TWO DAYS of Convention meetings marked by speeches, resolutions, platform planks, personal appearances by stars of the stage, screen and prize ring were drawing to an end without any outstanding burst of enthusiasm, when Permanent Convention Chairman Joseph Martin was about to present California's son, Ex-President Herbert Hoover, to rock Convention Hall.

As the New York Sun reported, "It was the kind of an ovation that people give to a leader who has won and lost for them in the past, whom they have passed by for the new leader with new prospects of victory." Martin's voice was drowned out as the band struck up "California Here I Come" and the California Delegation started its fifteen minute parade demonstration of Convention Hall to be followed by the other delegates of no less than 38 states.

MARTIN POUNDED his gavel relentlessly to restore order—he even commanded the band to stop, but stop it refused and on marched the spirit of California.

nia throughout Convention Hall to pay homage to our nation's only living Ex-President—California's own Herbert Hoover.

It was indeed a triumphant tribute to a man whose greatness has come to be appreciated in the evening of his truly great life.

In humble appreciation this great Ex-President stood beneath the floodlights as newspaper cameramen, newsreels and television cameras ground out hundreds of feet of film to record for posterity the moved facial expressions of the grand old statesman who "stopped the show" at Convention Hall.

WHEN ORDER had been restored out of chaos, Hoover delivered his simple but eloquent address admonishing the Convention of its solemn duty in the face of today's grave situation. His words rang out with sincere patriotism, the like of which had not been equalled by previous speakers and undoubtedly will not be matched by those yet to appear on the Convention's platform.

So it was that out of the Great West—California, came a Great Man to inspire a Great Spirit in this Republican Convention on this Great Day in Philadelphia. Harold Murphy, Philadelphia, Pa., June 22.

Solo Journey

Local Lad, 10, Visits Kin in Minneapolis

Eleven-year old Billy Quillin, son of Mr. and Mrs. William H. Quillin, arrived safely at the home of his grandmother, Mrs. Jane Erickson, in Minneapolis, after a solo journey from Palm Springs by bus, it was learned yesterday.

Billy, who left last week, telephoned from his grandmother's home in Minneapolis to inform his parents that the trip was uneventful and that he arrived safely.

New Telephones To Aid Farmers

Two telephones in Riverside are now available for those farmers, packers and nurserymen seeking information from agricultural inspectors.

The two telephone numbers are 7671 and 7672 where messages for inspectors may be left.

W. H. Wright, agricultural commissioner for Riverside county said that this arrangement will work to the advantage of the public desiring to contract agricultural inspectors and assist the inspectors in more efficiently handling their work.

HONEYMOONING—Newly wedded Mr. and Mrs. Lesley Wamsley now touring central and northern California on their honeymoon will make their home in Palm Springs. The wedding took place this month.

Popular Young Village Couple Plights Troth

Mr. and Mrs. Lesley Wamsley are making their home in Palm Springs following their wedding trip to the northern and central portion of the state.

The young couple exchanged vows early in June at the Mission Chapel near Redlands with the Rev. James H. Blackstone Jr., of Palm Springs officiating. The bride was attended by Mrs. K. E. Fox of Palm Springs and H. L. Smith Jr., attended the bridegroom. A reception at the Mission followed the ceremony.

Mrs. Wamsley, the former Bonnie Sue Taylor, is the daughter of Mr. and Mrs. W. J. Taylor of 1661 South Palm Canyon drive and the bridegroom is the son of Mr. and Mrs. C. R. Wamsley of Banning.

Both have a host of friends here and in Banning.

Noted Guests

Two Return from Yale To Visit Ray Crees

Dr. Elizabeth Bonbright who, with the Raymond Crees of the Village is sponsoring the Marsden Foundation, returned to the west coast from New Haven, Conn., today and will spend some time with the Crees here before going on to Santa Barbara.

Dr. Bonbright has been doing research work at the Yale Graduate School of Medicine in current developments of biochemistry and biophysics.

She is working as a research team with one of the Marsden scholars, Miss Jane Updegraff Swartz. The two medics will camp for a month on the Raymond Cree's Manzanita Point in the Idyllwild area. Then they expect to join the Crees in Santa Barbara.

Dr. Bonbright is chairman of the board of directors for the scholarship organization.

"I Rise to Remark"

By Congressman John Phillips

There is a saying that when you've seen one convention, you've seen them all. The Philadelphia Republican convention broke the rule. We probably had not realized our conventions had become matters of routine. We were like the football team of any college that was losing all its games. The players, as well as the spectators, were losing enthusiasm without realizing it.

This year, there is the old convention spirit, from the milling people, both delegates and spectators, to the hawkers of buttons which say, "DEWEY or Don't We?" or "Bases Full, WARREN is Scoring." I haven't determined if the badge maker thinks Warren rhymes with "Scoring" or not. Everyone is here from the gold braid of the party to the inevitable cranks with solutions of all the problems of mankind. I even saw a young lady, dressed like an angel, complete with robe, crown and wings, and when I stopped out of curiosity, to see what that costume meant, she handed me a card advertising somebody's "Hamburger Heaven."

THE BEST PART for me has been to renew long-standing friendships. Men and women from the Legislature, and from all parts of California. It is nice not to be forgotten, in spite of six confining years in Washington. The 22nd District delegation is tops, and making a record. Gordon Richmond was put on the Platform Committee and we can thank him for the Tideland plank, and for putting in again the "recognition of the west" plank, which I wrote in four years ago. Mrs. Eastman also took immediate leadership in the delegation and the Riverside

County alternate, Phil Boyd, threw in his Sacramento experience and contacts, which meant much in tight places. The Imperial Valley alternate, my own ally, Billy Burke, was unable to come at the last moment, and I'm wearing his badge and sitting on the floor with the delegation.

I RISE TO REMARK there is still need for better coordination between the State organizations and the Congressional delegation. It was not until after the convention was under way that the state strategists realized that most of the contacts they needed with other states could be made through Congressmen. We are the ones who know the men in other delegations, and they know us, and that introductory waste of time is avoided. Maybe having written a platform for the National Platform, for recognition of the west, there should be a plank in the State Platform, for recognition of Congress.

Jonathan Edwards, 18th Century American theologian, wrote a tract on "The Nature of the Soul" when he was 10 years old and entered Yale College when he was 13.

County Legion Posts to Rally Here This Fall

Riverside County Council, American Legion, will hold its September meeting in Palm Springs, Charles St. George, one of a delegation of Villagers who attended the June conference of the council at Idyllwild last week-end, said on his return.

Several members of Owen Coffman post of the American Legion and its auxiliaries were present at the Idyllwild session Saturday.

William Randall, Thermal, was elected to the office of Legion County Council commander and Dave Jewel, Corona, second vice-commander.

Present at the meeting as delegates from the Owen Coffman Post were Commander Jay Morrison and Charles St. George. Also there, was local Legion member Art Wills and his wife, President Dorothy Morrison, president of the Palm Springs Auxiliary accompanied her husband to the meeting.

Approximately 400 members representing American Legion posts in Riverside county and their auxiliaries were present at Idyllwild.

Village Shriners Form Caravan to Rose Bowl Event

Village Shriners returned this week-end from a ceremonial staged by Al Malaikah Temple at the famous Rose Bowl Saturday. Thousands of southern California Shriners participated in the event which saw several hundred candidates "cross the burning sands."

An Oriental revue, barbeque and the ceremonial itself featured the program. It was one of the largest in the history of Al Malaikah and was the 60th Anniversary Ceremonial.

Potestate Edward Cook was in charge.

Members of the Palm Springs Shrine club who attended were President G. C. Waller, John Archibald, Bryson Amos, Raymond Hatton, Arthur Greenfield, C. E. Cobb, Harry J. Williams, L. M. McLaughlin, B. B. Carlin, M. G. Mead, D. A. Meranda, James Hume, Dr. James E. Porter, H. H. Emery, Harold West and S. E. Noles.

Music To Mark KCMJ Summer Dusk Programs

Taking advantage of summertime lulls in network programming demands, KCMJ has scheduled a large proportion of good music in its programs for the summer months. Manager Dick Joy claimed this week that music would be guaranteed to cool the feel of any summer day in the desert by at least three degrees.

Two five minute interludes in the late afternoon, Song of the Day at 5:25, and Prelude to Evening at 5:55, offer moments of relaxing music. The Prelude to Evening program follows directly after the 5:55 maximum temperature report, giving listeners an opportunity to reflect on just how hot they have been.

Each weekday afternoon, concert and semi-classical music is heard from 1:30 to 2:15. A new Tuesday program from 6:00 to 6:15 p.m. called Music to Remember, features memorable classical music.

The usual KCMJ Sunday afternoon music continues throughout the summer, including CBS Symphony at noon, the Family Hour at 2:00, and the Pause that Refreshes at 3:30.

High Honors

Niece of Villagers at Top of UCLA Grads

Mr. and Mrs. Claude Gottbehuett have returned to the Village after a short stay in Los Angeles and Westwood. At the latter place they attended the U.C.L.A. commencement where their niece, Barbara Savory, won many honors.

Miss Savory is the daughter of the late Vincent Savory, brother of Mrs. Gottbehuett, who passed away in 1941. He was well known here where he had engaged in the construction business.

Miss Savory won many honors at U.C.L.A. and out of the 3000 graduates was one of 20 highest honor students. She has been selected to act as second assistant dean of women next year at the university.

She is a Delta Gamma, member of the California Club, Key and Scroll, Mortar Board society, was an officer in all of them and junior class president.

Mr. and Mrs. Davis In San Francisco

Mr. and Mrs. Wilbur P. Davis, now spending the summer at Laguna Beach, spent last week in San Francisco as guests at the luxurious Cliff hotel. Mrs. Davis personally conducted her husband on a tour of famed places of interest in the city by the Golden Gate.

The couple expected to return to Laguna this week.

Village Woman and Baby Have Close Call in Accident

With memories of a close brush with death for herself, her eight-year-old baby girl and that of a friend still vivid in her mind, Mrs. William H. Quillin today was at her home here nursing broken bones and bruises sustained in a traffic accident last Tuesday.

The friend, Mrs. Elma Grundy, wife of the Crestline Courier publisher, is still in the Ventura county hospital suffering from head injuries. She was a passenger in the automobile driven by Mrs. Quillin as was the Quillin baby, Mary Jane, who escaped with a slight bump on the head.

According to Quillin, Village hardware merchant, his wife was driving the family car homeward after vacationing in Santa Barbara when the accident occurred 14 miles south of Oxnard on highway 101. The automobile collided with one driven by a Mr. Lester of Stockton, California, who was returning from a vacation with Mrs. Lester and a friend. All three passengers in the latter automobile are still in the hospital, Quillin said.

Quillin, who returned his wife and baby from the hospital in Ventura Sunday, said he was amazed after viewing the wreck of his machine and the Lester automobile that any escaped alive. Mrs. Quillin is suffering from a fractured knee and left hand.

At Redlands

Holly Lash Visel Attends Church Music Sessions

Holly Lash Visel is among musical leaders in attendance at the Church Music conference which opened June 21 and will last until June 30 at the University of Redlands.

Organists and choral directors are there from Michigan, Texas, Ohio and most of the mid-western states. The instructors are nationally known and are headed by the famed English organist, E. Power Biggs, recognized as one of the world's greatest.

The director of the conference is J. William Jones of the church music department of the university.

Mrs. Visel left her summer home at Balboa Island to attend the meeting.

Mrs. Nora Williams, long time resident of Palm Springs has leased a home for the summer season at Idyllwild, she told friends yesterday.

Seventy-eight per cent of all fatal traffic accidents in 15 states after dark occurred on unlighted streets or highways, the Street and Traffic Safety Lighting Bureau reports.

plan your
vacation
the easy
Santa Fe
way...

These special
services
now available

to you...

Before you even think about where to go this summer—see your courteous Santa Fe travel representative. He has descriptive folders, rates and other information about almost any vacation spot you could possibly wish for. Places like the Grand Canyon—Carlsbad Caverns, Land of Pueblos (both in New Mexico)—Dude Ranch Country—and many others, too. You're sure to find a spot to please your fancy and fit your purse.

Then—once you've decided where to go—avail yourself of one or more of these special Santa Fe services—to make your vacation easier, more pleasant.

RAIL TRAVEL—Gives you funds for rail accommodations, other expenses for your trip. You pay later in convenient monthly installments.

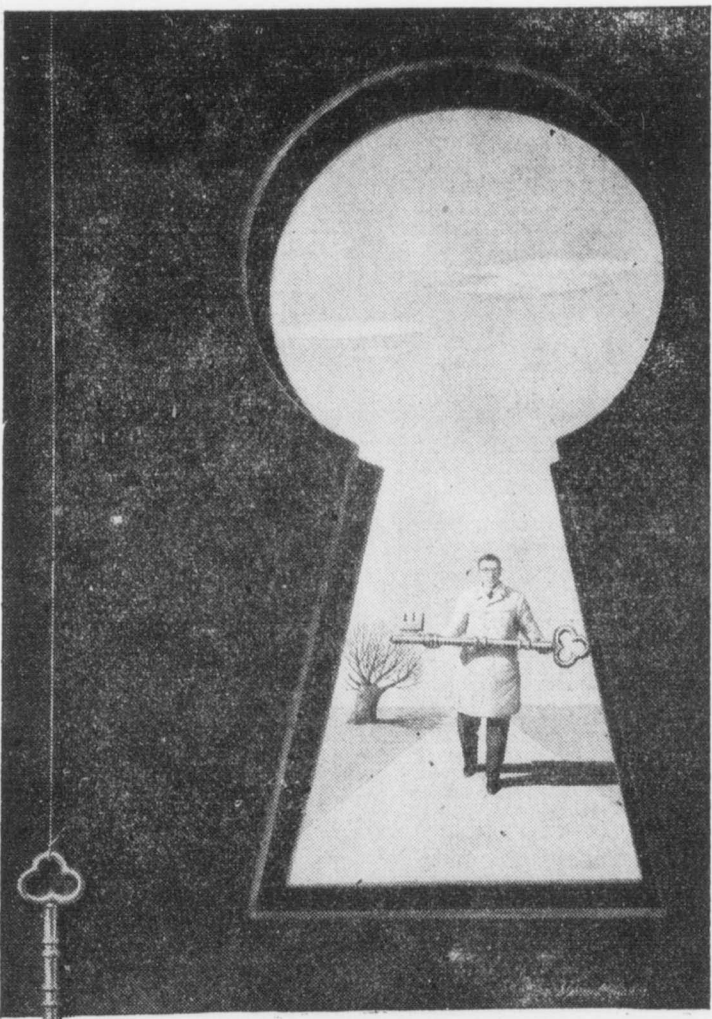

TRAVEL CREDIT CARD—Enables you to charge your tickets at any Santa Fe window. Rail, parlor car or sleeping car tickets (amounting to \$5.00 or more). Bills rendered monthly.

RAIL AUTO SERVICE—Provides you with a late-model automobile at your destination. Cost is reasonable. Service now in operation in many U. S. cities.

Yes, you'll agree. No vacation can be more enjoyable than the Santa Fe vacation you take this summer!

**You can help lock
the door against cancer**

Here is the story about a door that can be built to repel cancer, the deadly killer. The door locks only if two keys are turned. Science holds one key—your money can provide the other.

Your dollars support: cancer research which some day may find the causes and cure of the disease; an education program that teaches men and women how to recognize cancer in its early stages, when immediate treatment can save their lives.

Won't you help us lock the door? Give as generously as you can. Give more than before to guard those you love.

HEADS & TAILS

By JOE LAURIE, Jr.

Fred Vinson, Chief Justice of the Supreme Court, tells about the Judge in a Southern Court who asked the prisoner before the bar: "Do you solemnly swear to tell the truth, the whole truth and nothing but the truth?" "Ah does," said the prisoner. "What have you to say for yourself?" "Well, Judge, wif all dem limitations you jes' put on me, ah don't believe ah has anything at all to say."

Copyright, Press Features

PAINTING HINT

At least two days should elapse between successive coats of paint either inside or outside the house. Unless each coat is thoroughly dry, succeeding coats will peel off.

The most valuable animal in the world's zoos in 1942 was a 520-pound gorilla in Chicago's Lincoln Park zoo which was valued at \$100,000.

LEGAL NOTICES

No. 3768
CERTIFICATE OF PARTNERSHIP
DOING BUSINESS UNDER A
FICTITIOUS NAME
Civil Code Sec. 2466-68
STATE OF CALIFORNIA,
COUNTY OF RIVERSIDE, ss.
We hereby certify that we are partners transacting business at 640 North Indian Ave., Palm Springs, California, and on Highway 99, Garnet, California, County of Riverside, State of California, as co-partners under a fictitious name, to-wit:
"PALM SPRINGS STORAGE & SUPPLY COMPANY".
We further certify that we are the sole owners and proprietors of said business. Our names in full and place of residence are as follows:
David Margolius, Ambassador Hotel, Palm Springs, California.
Beulah Margolius, Ambassador Hotel, Palm Springs, California.
IN WITNESS WHEREOF we have hereunto set our hands this 16th day of June, 1948.
BEULAH MARGOLIUS
Ambassador Hotel, Palm Springs, Cal.
DAVID MARGOLIUS
Ambassador Hotel, Palm Springs, Cal.

STATE OF CALIFORNIA,
COUNTY OF RIVERSIDE, ss.
On the 16th day of June in the year one thousand nine hundred and forty-eight before me personally appeared David Margolius and Beulah Margolius, known to me to be the persons whose names are subscribed to the foregoing instrument and they acknowledged to me that they executed the same.
WITNESS my hand and the seal of my office this 16th day of June, 1948.
(Seal) G. E. PEQUEGNAT
County Clerk and Ex-Officio Clerk of the Superior Court in and for Riverside County, State of California.
By JEANNE THORSON, Deputy.
Desert Sun, June 22, 29, July 6, 13, 1948.

The all-metal slide rule is claimed to be superior to the conventional rules made of wood because it does not swell with moisture and does not warp. It is precision-made and is unaffected by constant cleaning.

A pocket flashlight only two inches long and a half-inch thick is available for attachment to key rings, name tags, etc.
